

CURRIER MIGHT NOT SERVE

Ralph R. Currier, 18 Boutwell Street, who was elected to the Permanent Building Committee, Monday night, in a Selectmen's session that resembled the Boston City Council circa the 1930's did not know that he was a candidate, and does not know whether or not he will serve on the committee.

Mr. Currier told the Town Crier Tuesday evening that he had been apprised that his name might be listed sometime as a candidate for the board, but that he had no knowledge that he was being elected, and that no one had called him at any time recently with regard to his serving on the Building Committee.

When asked whether or not he would serve on the Permanent Building Committee Mr. Currier said "I don't know. I'll have to think that over!"

Currier was elected in the sixth ballot by the Selectmen, after a deadlock, and the deciding vote was cast by TM Jerry Bouchard, who until that time had abstained from voting.

The meeting spent quite a bit of time in discussion as to whether or not it would vote for the Permanent Building Committee members, before the actual voting was started.

Confusion existed because Mr. LaRivee did not understand that the vote for various town officers was to take place, and pleaded for more time, but this proved to be impossible, as Mr. Black expects to be out of town for several weeks. There was little discussion concerning other board members and officers, and it wasn't until the Selectmen got to the Permanent Building Committee that it ran into a snag.

Lloyd Bender was elected to the Board of Appeals as an associate member, and Ernest Jamieson was elected soon afterwards, on motion of Rene LaRivee.

The chairman required a majority of four votes, inasmuch as the Town Manager was entitled to a vote.

Barry was elected in the second ballot, Hanke having received three votes in the first, and only two in the second.

Sullivan will undergo a course of studies in Chemistry at Michigan State University, this summer from July 15th to August 23rd.

TOWN PARK PERMITS WILL BE HANDLED BY JIM BANDA

James Banda, Chairman of the Planning Board, Tuesday night announced that he would carry on with his duty of last year, in handling all applications for use of the Town Park, by organizations desiring its use.

Applications by interested persons should be made directly to Mr. Banda. His home is on Marie Drive, in North Wilmington.

DAV DAVIS TREASURER OF LOCAL CANCER CRUSADE

Davenport Davis, 125 Bedford St. Burlington, will serve as treasurer of the April Cancer Crusade in Wilmington, the American Cancer Society has announced.

Mr. Davis, an assistant vice president of the Middlesex County Bank in Wilmington, and a member of the Wilmington Rotary Club, has served in previous Crusades in a similar capacity.

TOWN MEETING DATE UNCERTAIN

With a number of known articles and some still in the offing, known perhaps but to Selectmen, the date for the coming Special Town Meeting has yet to be set by that board.

The chief subject is the proposed Woburn Street School. Selectmen Brooks and De Felice met with the Planning Board Tuesday night, in a meeting room that was so crowded that TM Jerry Bouchard had to stand, to discuss the proposed 'pedway'.

Also present were Chairman Erwin Hanke, Bob Michelson and Bill Harrison of the PBC and Jim De Carolis of Tewksbury, owner of the land through which the pedway is proposed.

There was an informal agreement that the pedway would come to a point about 50 feet from the southern limit of the proposed school property. Mr. Hanke was anxious about assurances that the pedway would be available at the time that the school was finished, and was told that Mr. De Carolis planned to start construction of his real estate development next year, this statement being hedged with another concerning the possible market conditions at that time.

De Carolis will submit a revised 'preliminary' plan to the Planning Board, before the expiration date of the present plan, which is April 27, he told the Planning Board.

Minot Anderson is again submitting his proposals for the rewriting of the zoning limits for

two parcels, (Articles 27 & 28 of the Annual Town Meeting.)

An article has been submitted for the acceptance by betterments of Cedar Crest Road.

The Water Commissioners will probably have an article for a new wellfield, in the Town Park area, and to connect the two 'loose' ends of the water mains on lower Main

WINNER OF 6 STATE & REGIONAL AWARDS

COMMITTEES, TOWN MANAGER AND OTHERWISE

Wilmington has several types of committees in its town government, and it is easy to become confused as to their type. In this respect the Selectmen is sometimes no better than the average citizen, and Monday night was a case in instance.

Some committees, Selectmen, School Committee etc., are elected directly by the people.

Some, as for instance the Planning Board, are appointed by the Town Manager.

Others are appointed by the Selectmen, as for instance the Board of Appeals.

Still others are the result of Town Meeting action, and are generally formed for a special purpose. In recent years the Town Meeting has seen fit to establish an Historical Committee and a Skating Rink Committee.

The last important classification are committees appointed by the Town Manager for a special purpose, and these are generally referred to as Town Manager Advisory Committees. In this classification are the Personnel Advisory Committee and the Council for the Aging.

Town Meeting Committees must, under ordinary circumstances, make a report to the Town Meeting each year. If they do not they automatically expire.

The Skating Rink Committee has made no report, and has thus expired, and is expunged from the Town Reports, even though a former Town Manager once listed it as an Advisory Committee to the Town Manager.

The Historical Committee met once, and has never had any subsequent action. It has never made a report to the Town. It is still (1962) carried in the Town Report.

Monday night Mr. De Felice stated that the Building By Law Committee, having failed to make a report to the town, was no longer in existence.

He was right in that the committee had not made a report to the town, but it never was a Town Meeting committee. It was originally appointed five or six years ago, as an Advisory Committee to the Town Manager.

The point is that the Town Manager can, at his own desire, and at any time, reappoint such a committee, and it reports to him, as does other advisory committees.

permanent Building Committee, and that some of the Selectmen know more than they said in the Selectmen's meetings.

A week ago, on the agenda of the Selectmen's Meeting, Mr. Robert Michalson, permanent Building Committee member, was so listed, as having an appointment at 9 pm.

Somebody, presumably the TM, prepared that agenda, and somebody, and presumably not the TM, said that Mr. Michalson was to appear and represent the Permanent Building Committee.

But he was not authorized to do so, by the PBC, which had sent a letter, unanimous opinion, to the Selectmen, which letter was not read at the Selectmen's meeting, and of which some of the Selectmen did not know its contents.

In other words, there was a quick and fast substitution, to make it appear that Mr. Michalson's thoughts was the thoughts of the committee, and to mislead other Selectmen.

Then, last Monday there were several incidents, which, in view of what has been learned later are wondrous strange.

The board was split wide open, with two members supporting Mr. Niles and Mr. Hanke, and two supporting Mr. Currier and Mr. Barry. The fifth member, Mr. LaRivee, found himself on the peculiar position of being the odd stick, and the new TM, who was also entitled to vote, chose not to, on the sensible grounds that he didn't know enough of the individuals concerned. He finally had to vote, and it might be remarked that he was "mousetrapped" as the saying is in Boston circles.

Both Mr. Hanke and Mr. Niles wished to continue their service on the PBC.

Both of these gentlemen have consistently advocated economy, going so far as to submit a "minority report" in the annual Town Meeting.

For this, and for other items perhaps unknown, it would appear that John Brooks and Nicholas De Felice decided that these two men should not be re-appointed to the board. And, it must be recorded, they were neatly given the ax.

LaRivee voted for Hanke (they are fellow members of the Lions Club), but that gave Mr. Hanke only three votes, and four were necessary.

When Mr. Barry was elected, in a later ballot, the going really got tough, and between the fifth and sixth ballots Mr. Brooks excused himself to make a telephone call.

At this time the Selectmen had been deadlocked over Niles and Currier, with Niles having two votes (Black and Mrs. Drew??) and Mr. Currier three (Brooks, De Felice, and LaRivee??)

When Mr. Brooks returned from the telephone call, after 15 minutes, the impression

CRUSADER FAILS SECOND BID FOR PAID CIRCULATION

Obviously in financial difficulty, the Crusader, a free-circulation paper with an office on Main St. in Wilmington, failed last week for the second time in two years to achieve a paid circulation status.

It had advertised that it would no longer be distributed free after the first of April, 1963. This was the second such announcement, as it stated about two years ago that it would discontinue free distribution, but continued to do so when it failed to receive paid subscriptions.

Once a paid circulation newspaper, it lost its paid customers after an attempt, in 1959, to do away with the Town Manager plan in Wilmington.

The paper changed its name from The Wilmington Crusader to The Crusader, and changed its banner to read Reading, North Reading, Wilmington, and Tewksbury, a banner that still is unchanged in spite of the fact that it has for all intents and purposes stopped its free distribution in all the towns but Wilmington.

At one time, several years ago, the Crusader printed about 10,000 copies, but in the last year it has had a press run averaging 4,000.

In spite of its free-distribution status it has fraudulently claimed to have a paid circulation. Last year it reported to the American Newspaper Representatives, Inc., 404 Fifth Avenue, New York, that it had 1800 paid circulation and a free circulation of 5400, even while it was printing only 4000 papers.

The free distribution of the paper this week was extremely spotty. Much of the distribution was not made until Saturday, and, as has been the case in several weeks past, some people in Wilmington are suggesting that the Crusader is being delivered to various mail routes on an alternate-week basis, as was the case a year ago in No. Reading.

PROPOSES APARTMENT BUILDINGS IN E. WILMINGTON

A second proposal for a Garden Type Apartment building site was heard, Tuesday night, by the Wilmington Planning Board.

The owner of four acres of land in East Wilmington presented a sketch of his land to the Planning Board, which showed a total of 6 units, with 12 apartments to a unit, or a total of 72 dwelling units.

Under the present zoning by-law such apartments are illegal, but the Planning Board has been studying the question of adopting a change in the zoning laws, for just this purpose.

gained in the Selectmen's meeting room was that he had been talking with Currier, and that the candidacy of that gentleman had been confirmed. Mr. Brooks spoke very quietly, and was not well heard, in the crowded meeting room.

It was then that Mrs. Drew called on Mr. Bouchard to break the deadlock, and he voted for Currier, on the plausible reasoning that Currier already had the majority of the votes cast.

Thus Mr. Hanke and Mr. Niles were neatly eliminated, but there are still questions that have not been answered.

Mr. Currier received no telephone call on Monday evening.

To whom was Mr. Brooks talking then?

Mr. Barry had been led to understand that Niles was resigning.

Did Mr. Niles know that?

And how come Mr. Michalson was listed as representing the Permanent Building Committee when he wasn't?

WALTER W. WILMOT SERVICES LAST FRIDAY

Walter A. Wilmot, husband of the late Lillian Phelps, died on April 2nd at the Pickfair Nursing Home in Reading. He was 93 years old. He had been living in the Reading nursing home for three years prior to his death, but for 15 years had been a resident of Fairview Ave. Wilmington, where he made his home with his daughter Mrs. Emma Goss.

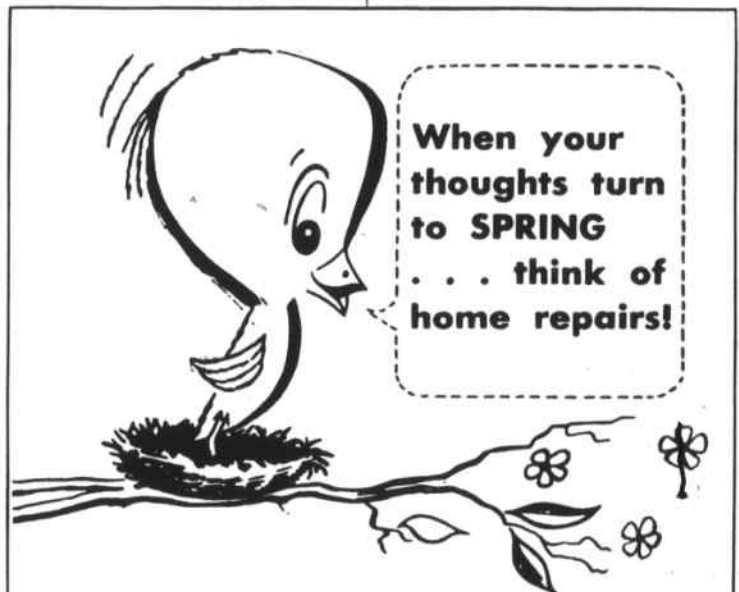

A retired Custom House worker, he was a native of Lowell, and had

lived in Medford for most of his life. After retirement he spent much of his time in travel, and had visited most of the states of the Union, and Hawaii.

Mr. Wilmot was a member of the Reading Chapter of the National Association of Retired Civil Service Employees, and a member of the Medford Lodge of Moose.

He is survived by two sons, Wesley P., of Concord, and Warren W., of Lincoln, Nebraska, and four daughters, Minnie Anderson of Reading, Viola McGilivray of Paramount, California, Priscilla G. Olive of Fort Lauderdale, Fla., and Mrs. Gass, of Salem Street, North Wilmington.

Funeral services were held at the Allen Funeral Parlor, in Medford, on April 5th. Burial was in the family lot in Oak Grove Cemetery, Medford.

RAFFI & SWANSON CELEBRATE 40TH BIRTHDAY

Over 100 people, employees and guests, were present at the Raffi & Swanson plant on Eames Street Tuesday noon, for the 40th Birthday Anniversary of the company.

A luncheon was served, Charles Raffi Sr., one of the original founders of the firm spoke briefly, and Mrs. Raffi and Mrs. Martin Swanson cut the birthday cake, which was then distributed to all present.

Mr. Raffi told how he and Mr. Swanson began, in 1922, selling chemicals for New York firms, on a 3% commission.

The two men shared an office in Boston with five other men, and had one office girl in common with the others.

They moved to a Milk Street office, and started some private chemical sales. They found the going 'rather tough' Mr. Raffi said, but they formed an association in 1923. Sledging was pretty tough, with the two men sometimes living on their reserves. Mr. Raffi paid tribute to Mrs. Swanson and Mrs. Raffi for their courage in those times.

The two men began to make a bleach, for laundry purposes, and Swanson found a place, in Chelsea in 1925, on Cabot Street, to which they moved.

At this site the firm got an opportunity to sell lacquers to the Greybar Records, and began their operations in this type of work, an operation which they soon expanded to solvents.

They rented a building at 1020 Broadway, still in Chelsea, and then two years later they bought it. Their office was still in the vicinity of the Custom House, but when they bought their new home they moved their office too.

The firm found things to very tough, during the depression years, but Charles Raffi related with pride that the employees stuck with the company, and that the company had had to give only one week of 'Scotch Vacation' (without pay).

In 1938 the firm bought a place on Eastern Avenue in Chelsea, a much larger building, and they found that things were much better during the 1940's.

Then, in 1951, Monsanto Chemical wanted to sell their lacquer division. Raffi & Swanson were interested, and they ended up buying up the division, lacquer, stock, formulae, equipment, and employees too.

RAFFI & SWANSON VETERANS: At the 40th Birthday Party of Raffi & Swanson, Tuesday noon.

Kneeling before the cake are Joe Gallant, Dan Gillis, Tony Purpalo, and Tony Nuttle, and standing, from left are Frank Schettino, Vin Sartorelli, Walter Rennie, Ralph Di Prisco, Sam Wingensky, Jack Madigan, President Charles Raffi Sr. and Tom Mooney, all of whom have been with the company for many years.

CAKE CUTTING: Mrs. Charles Raffi Sr. wields the knife, while Mr. Raffi and Mrs. Martin Swanson participate.

It was then that Raffi & Swanson looked around for a new site, one that they found in Wilmington, on what Mr. Raffi described as 'farm land'.

They moved to Wilmington during 1951-2, and, Raffi declared, were 'very much satisfied' with the site, and very happy that their employees moved along with them.

The firm enters its 40th year with plans for continuing growth.

New additions of over 20,000 sq. feet in manufacturing space to the already extensive facilities have been necessitated by the rapid development of the Raffi & Swanson color manufacturing division.

The Research Department is actively engaged in the development of custom tailoring of its new polymeric coatings and inks, to satisfy an ever growing demand for specialized customer requirements.

TOWN COUNSEL'S LETTER IS 'YES AND NO' PLANNING BOARD FEELS

The Wilmington Development Co has submitted an article for the coming Special Town Meeting (no date set, as yet), in which it seeks again to have land rezoned in North Wilmington, adjacent to the tracks of the Boston & Maine RR.

The article, as submitted, is the same as the amended article which was approved, by the Planning Board, for the annual Town Meeting, but which failed to acquire the necessary two-thirds majority.

The company, through its representative, Jim Costello, submitted a copy of the proposed zoning to the Selectmen Monday night, and another to the Planning Board Tuesday evening.

A letter had been received from the Town Counsel which, in the stated opinion of Selectman John Brooks, said that there was a legal basis under which the article could again appear in a Town Meeting, and be voted by the town.

The Planning Board, Tuesday night, argued the question for some time, and felt that a similar letter sent to them by the Town Counsel said both 'Yes' and 'No', the question being whether or not the article could be submitted within a two year period.

The Planning Board finally voted to hold public hearings, in the High School, in the event that the article in question turned out to be a legal one.

Also to be heard in the public hearing are the two articles on zoning description, submitted by the Building Inspector, (Articles 27 & 28 of the Annual Town Meeting), which have been submitted a second time by Mr. Anderson, the Building Inspector.

The letter of the Town Counsel, which the Planning Board felt said both 'Yes' and 'No' read:

April 5 1963

Dear Sir:

This is in answer to your letter of March 26, received today, enquiring as to the right of a later town meeting to act on an application for a change in the zoning by-law when the same change or one

substantially similar to it was rejected at an earlier meeting.

The subject is dealt with in GL 40A Sec 8, and as I pointed out to Mr Brooks in a recent letter to him, it must first be determined whether this section has ever been accepted by vote of the town. In checking this, Mrs Russell should check not only the present reference of the section but also its previous reference, namely GL Chap. 40 Sec. 27A.

If it appears that it has not been accepted, it has no effect as far as Wilmington is concerned.

If it has been accepted, a later town meeting held within two years of the one at which the action was taken, cannot act on the same or a substantially similar proposal unless it has been first been re-submitted to the Planning Board, a public hearing held, and unless following such new hearing a final report has been made by the Planning Board recommending its adoption. See Kelly v Springfield, 343 Mass 321.

Very truly yours,
Philip B. Buzzell.

'VOYAGER' STUDY CONTRACT AWARDED TO AVCO

A three ton unmanned space craft, capable of voyaging to other planets, and particularly to Mars and Venus, is to be planned in the Avco Research & Development laboratories, on Lowell Street.

The National Space Agency has awarded a \$100,000 contract, to last six months, to the firm. The contract is for study purposes only.

Avco, during the past year, using its own funds, has been studying the Mars and Venus voyages and problems, including the critical problems of entering a planetary atmosphere of about 800 degrees Fahrenheit, on Venus, and the problem of a completely unknown type of terrain on either planet.

Avco and General Electric, of Valley Forge, Penna. were each awarded a \$100,000 contract for the 'Voyager' study, from a field of 13 firms. After six months one of the two firms will be named to negotiate a further contract, a spokesman for NASA has stated.

Voyager is slated to make an unmanned exploration of Venus and Mars, even landing capsules on the two planets.

PROPOSES REFRESHMENT STAND AT TOWN BEACH

A proposal was made, Tuesday night, that a refreshment stand be set up at the Town Beach, at Silver Lake, for the convenience of the bathers.

Ed Sullivan of Grove Ave proposed that he be allowed to operate a stand there. The proposal was in effect to start again an operation of former years. A concession which had been operated there had donated prizes for the annual fall swimming races. It has not been in operation for the past several years, but an ice-cream truck has had a stand outside the gate, on the public highway.

Mr Sullivan's proposal was favorably received, but Building Inspector Minot Anderson told the board later that he believed a concession in the area to be against the zoning laws of the town.

RAFFI & SWANSON CELEBRATE 40TH BIRTHDAY

Over 100 people, employees and guests, were present at the Raffi & Swanson plant on Eames Street Tuesday noon, for the 40th Birthday Anniversary of the company.

A luncheon was served, Charles Raffi Sr., one of the original founders of the firm spoke briefly, and Mrs Raffi and Mrs Martin Swanson cut the birthday cake, which was then distributed to all present.

Mr Raffi told how he and Mr Swanson began, in 1922, selling chemicals for New York firms, on a 3% commission.

The two men shared an office in Boston with five other men, and had one office girl in common with the others.

They moved to a Milk Street office, and started some private chemical sales. They found the going 'rather tough' Mr Raffi said, but they formed an association in 1923. Sledding was pretty tough, with the two men sometimes living on their reserves. Mr Raffi paid tribute to Mrs Swanson and Mrs Raffi for their courage in those times.

The two men began to make a bleach, for laundry purposes, and Swanson found a place, in Chelsea in 1925, on Cabot Street, to which they moved.

At this site the firm got an opportunity to sell lacquers to the Greybar Records, and began their operations in this type of work, an operation which they soon expanded to solvents.

They rented a building at 1020 Broadway, still in Chelsea, and then two years later they bought it. Their office was still in the vicinity of the Custom House, but when they bought their new home they moved their office too.

The firm found things to very tough, during the depression years, but Charley Raffi related with pride that the employees stuck with the company, and that the company had had to give only one week of 'Scotch Vacation' (without pay).

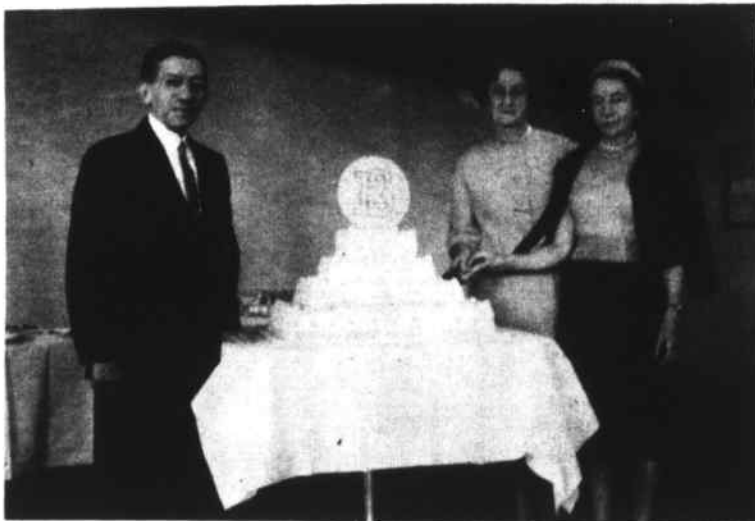

In 1938 the firm bought a place on Eastern Avenue in Chelsea, a much larger building, and they found that things were much better during the 1940's.

Then, in 1951, Monsanto Chemical wanted to sell their lacquer division. Raff & Swanson were interested, and they ended up buying up the division, lacquer, stock, formulae, equipment, and employees too.

RAFFI & SWANSON VETERANS: At the 40th Birthday Party of Raffi & Swanson, Tuesday noon.

Kneeling before the cake are Joe Gallant, Dan Gillis, Tony Purpolo, and Tony Nuttle, and standing, from left to right: Frank Schettino, Vin Sartorelli, Walter Rennie, Ralph Di Prisco, Sam Wingensky, Jack Madigan, President Charles Raffi Sr. and Tom Mooney, all of whom have been with the company for many years.

CAKE CUTTING: Mrs Charles Raffi Sr wields the knife, while Mr Raffi and Mrs Martin Swanson participate.

It was then that Raffi & Swanson looked around for a new site, one that they found in Wilmington, on what Mr. Raffi described as 'farm land'.

They moved to Wilmington during 1951-2, and, Raffi declared, were 'very much satisfied' with the site, and very happy that their employees moved along with them.

The firm enters its 40th year with plans for continuing growth.

New additions of over 20,000 sq. feet in manufacturing space to the already extensive facilities have been necessitated by the rapid development of the Raffi & Swanson color manufacturing division.

The Research Department is actively engaged in the development of custom tailoring of its new polymeric coatings and inks, to satisfy an ever growing demand for specialized customer requirements.

BUTCH HAD A SPECIAL TIE

The necktie might be a sign that Butch Boudrean is the youngest employee of Raffi & Swanson, but it isn't. It is his idea of how to celebrate a birthday party.

The cake, which he stayed after the party to eat, was also his idea of a good thing.

TOWN COUNSEL'S LETTER IS 'YES AND NO' PLANNING BOARD FEELS

The Wilmington Development Co has submitted an article for the coming Special Town Meeting (no date set, as yet), in which it seeks again to have land rezoned in North Wilmington, adjacent to the tracks of the Boston & Maine RR.

The article, as submitted, is the same as the amended article which was approved, by the Planning Board, for the annual Town Meeting, but which failed to acquire the necessary two-thirds majority.

The company, through its representative, Jim Costello, submitted a copy of the proposed zoning to the Selectmen Monday night, and another to the Planning Board Tuesday evening.

A letter had been received from the Town Counsel which, in the stated opinion of Selectman John Brooks, said that there was a legal basis under which the article could again appear in a Town Meeting, and be voted by the town.

The Planning Board, Tuesday night, argued the question for some time, and felt that a similar letter sent to them by the Town Counsel said both 'Yes' and 'No', the question being whether or not the article could be submitted within a two year period.

The Planning Board finally voted to hold public hearings, in the High School, in the event that the article in question turned out to be a legal one.

Also to be heard in the public hearing are the two articles on zoning description, submitted by the Building Inspector, (Articles 27 & 28 of the Annual Town Meeting), which have been submitted a second time by Mr. Anderson, the Building Inspector.

The letter of the Town Counsel, which the Planning Board felt said both 'Yes' and 'No' read:

April 5 1963

Dear Sir:

This is in answer to your letter of March 26, received today, enquiring as to the right of a later town meeting to act on an application for a change in the zoning by-law when the same change or one

substantially similar to it was rejected at an earlier meeting.

The subject is dealt with in GL 40A Sec 8, and as I pointed out to Mr Brooks in a recent letter to him, it must first be determined whether this section has ever been accepted by vote of the town. In checking this, Mrs Russell should check not only the present reference of the section but also its previous reference, namely GL Chap. 40 Sec. 27A.

If it appears that it has not been accepted, it has no effect as far as Wilmington is concerned.

If it has been accepted, a later town meeting held within two years of the one at which the action was taken, cannot act on the same or a substantially similar proposal unless it has been first been re-submitted to the Planning Board, a public hearing held, and unless following such new hearing a final report has been made by the Planning Board recommending its adoption. See Kelly v Springfield, 343 Mass 321.

Very truly yours,
Philip B. Buzzell.

'VOYAGER' STUDY CONTRACT AWARDED TO AVCO

A three ton unmanned space craft, capable of voyaging to other planets, and particularly to Mars and Venus, is to be planned in the Avco Research & Development laboratories, on Lowell Street.

The National Space Agency has awarded a \$100,000 contract, to last six months, to the firm. The contract is for study purposes only.

Avco, during the past year, using its own funds, has been studying the Mars and Venus voyages and problems, including the critical problems of entering a planetary atmosphere of about 800 degrees Fahrenheit, on Venus, and the problem of a completely unknown type of terrain on either planet.

Avco and General Electric, of Valley Forge, Penna. were each awarded a \$100,000 contract for the 'Voyager' study, from a field of 13 firms. After six months one of the two firms will be named to negotiate a further contract, a spokesman for NASA has stated.

Voyager is slated to make an unmanned exploration of Venus and Mars, even landing capsules on the two planets.

PROPOSES REFRESHMENT STAND AT TOWN BEACH

A proposal was made, Tuesday night, that a refreshment stand be set up at the Town Beach, at Silver Lake, for the convenience of the bathers.

Ed Sullivan of Grove Ave proposed that he be allowed to operate a stand there. The proposal was in effect to start again an operation of former years. A concession which had been operated there had donated prizes for the annual fall swimming races. It has not been in operation for the past several years, but an ice-cream truck has had a stand outside the gate, on the public highway.

Mr Sullivan's proposal was favorably received, but Building Inspector Minot Anderson told the board later that he believed a concession in the area to be against the zoning laws of the town.

GARDEN OF EDEN

FISHING DERBY SATURDAY

The first of what is planned as a series of annual fishing derbies is to be held Saturday, at the Garden of Eden Country Club, on Chestnut Street, from 9 am to 5 pm.

Millard Pipes, resident manager of the club, has announced that no artificial lures will be allowed, because of possible danger to other participants, but that the fishermen may use flies or bait. He hopes to

have some bait available at the pond.

Children under 12 must be accompanied by an adult, and there will be a registration fee of \$1 for each participant.

The pond was stocked, last week-end with about 300 trout ranging in size from 10 to 14 inches, and in addition there are some hold-overs from previous years.

LETTER

To the Editor:

The Permanent Building Committee desires to clarify the comments appearing in last week's edition concerning the status of the proposed elementary school on Woburn Street.

A special town meeting was held on January 21, 1963 which authorized the Board of Selectmen to either purchase or take by eminent domain a parcel of land approximately 15 acres on Woburn Street. As of this date the land has not been purchased or taken by eminent domain by the Selectmen.

No action pertaining to placement of a proposed school building on a site or with respect to roads, utilities, walks and play areas can be taken by the PBC until such time as a site has been obtained. The longer the delay in site acquisition by the Selectmen the greater become the chances of not having the proposed school ready for occupancy when need in September of 1964.

It is the position of the PBC that we will be ready for a Town Meeting on this school just immediately after the Board of Selectmen makes the site available to the Committee.

ADVANCED PLACEMENT FOR
JOHN H MORTON AT U OF MASS

John H Morton, son of Mr and Mrs John Morton 249 Shawsheen Ave, was among 10 freshmen at the University of Massachusetts to receive advanced placement into the Sophomore Honors Colloquia, in the past week.

A pre-med student, graduate of Old Orchard Beach (Maine) High School, he was admitted to the Sophomore Honors because of his high academic standing. The Colloquia is designed to bring together talented students from all departments into small groups of ten, and two teachers, to study major human problems and issues.

AVCO ADDS TO BALLISTICS
RANGE BUILDING

Building #6, in the Wilmington Avco Research & Development facility, is being enlarged.

Better known to Avco employees as the Ballistics Range Building, the addition will add about 125' to the length of the building, and will have about 3000 square feet of working area.

The addition will cost about \$78,000. Henry Wild & Co. of Newton are the contractors, and completion is expected within 3 months.

TEXT OF THE LETTER SENT
BY THE PBC TO SELECTMEN
TWO WEEKS AGO

'After reviewing the possible alternatives presently open to the Permanent Building Committee it appears that only the action taken at the Special Town Meeting on Jan. 21, 1963, authorizing the Board of Selectmen to take the land described, in Article 1, will allow the Committee to proceed with site cost estimates for presentation at the next Special Town Meeting.

'It is the unanimous opinion of the committee that the Board of Selectmen be requested to take the necessary legal action at the earliest possible moment to acquire said property.

'We would like to emphasize to you that it is absolutely impossible for this committee to proceed with complete and definitive plans until such time as we have a firm description of the real property which will be involved in the project.

Very truly yours
Erwin Hanke, Chmn.

SIMPSON HEADS MEMORIAL
DAY COMMITTEE

James Simpson of Brentwood Avenue will head the 1963 Memorial Day Committee. The appointment has been announced by Town Moderator Simon Cutter.

Others in the committee are: William Coulter, Joseph Sullivan,

Harold McKelvey, Virginia De Maggio, Marion Solas, Elizabeth Kelly, Mary Starr, Paul A. Farrell, John Faulkner, Hobart Long, Philip LeDuc, Hilda McCann, Norma O'Connor, Alida Brabant, Florence Ellis, Carl Dreger, Ralph Zwicker, Victor Okolo, Frank Thibault, Jean Moore, Lillian Vierra and Pauline Okolo.

SENATOR LONG VOTED FOR
STRIKER'S COMPENSATION

State Senator James J Long of Woburn was one of the 19 senators who voted in favor of the Strikers Compensation Bill, in the State Senate last week. The bill passed in the upper house 19 to 18, and has been sent to the House of Representatives.

The bill, strongly endorsed by organized labor, would make strikers eligible for unemployment compensation benefits at the outset of a labor dispute if the employer refused to arbitrate.

The original bill called for the payment of unemployment compensation benefits to strikers if they were out on strike regardless of the circumstances.

The amended bill, which was voted eliminates payment in 'wild-cat' strikes, and in strikes where the cases are in arbitration.

CURRIER
(Continued from Fr. Pg)

From thereon the board was deadlocked, and after a 15 minute recess so that Brooks could make a telephone call, after the fifth ballot, Mrs. Drew told the Town Manager that he would have to vote. The vote, for three ballots, had been two for Niles, and three for Currier.

Bouchard cast the deciding ballot.

SECOND LETTER TO COUNTY
COMMISSIONERS ON DAMAGES

The Board of Selectmen, Monday night sent a letter to the County Commissioners, protesting the award of \$2000 for the Curtis Ward property on Federal Street, as the result of Chapter 90 Construction. Ward has since sold the property to Norman Pederson.

The letter pointed out that the Town Counsel had not been kept apprised of the proceedings.

MIDDLESEX COUNTY BANK
PRESENT TO WALTER E.
FERNALD STATE SCHOOL

'Care-to-Share' made up of Middlesex County National Bank Office Employees in Everett, recently presented three wheel-chairs to the Walter E. Fernald State School. Arthur G. Helmund, Vice President of the Bank and Mrs. Helen G. Flynn, Assistant Manager of the Everett Office, represented the Everett Office and made the presentation.

In accepting the gift of three wheel-chairs, Dr. Malcolm J. Farrell, Superintendent of the Walter E. Fernald State School said 'This gift is most welcome and for each wheel-chair, one of our children is out of bed. Believe me, that child's first smile is most heart-warming'.

'Care-to-Share' is an employee inspired plan, inviting participation in a program of giving to those less fortunate. Each of the 19 offices of the bank conducts its own program, develops its own project, supported by the employee money contributions, the proceeds of cake sales, special luncheons and other programs. Resulting from this are gifts that are presented to hospitals and many charitable institutions.

THREE EASTER SERVICES
AT METHODIST CHURCH

The Wilmington Methodist Church announced its Easter Morning schedule today. The observance of Christendom's holiest day will begin with an Easter breakfast from 7-8 o'clock in the Fellowship Hall. The public is invited. Following the breakfast, the church will observe three Easter worship services, 8:30, 9:45 and 11 o'clock. There will be no church school on Easter, children being invited to worship with the parents. However there will be supervised childcare for infants and children through kindergarten age.

The Junior High Choir will sing at the 8:30 service, the Wesley and Junior Choirs will sing at the 9:45 service, and the Chancel Choir will sing at 11 o'clock service under the direction of the Associate Pastor, Rev. G. Alfred Hess, Jr. A highlight of the 11 o'clock service will be the singing of the "Hallelujah Chorus" from Handel's "Messiah." Rev. Terry Clay Thomason, pastor of the church, will preach on the subject, "It Began on Easter."

In preparation for Easter, the church will celebrate Holy Week with two special events: A Union Maunday Thursday Service of Holy Communion at the Wilmington Congregational Church at 8 o'clock.

On Good Friday evening at 8 o'clock the church will present a most unusual worship experience. The Service of the Seven Candles. This dramatic service of symbols, poetry and music takes place in the darkness of the sanctuary, the only light coming from the seven candles. The presence of small children in this service is not encouraged. The Nursery will be open.

This dramatic presentation seeks to emphasize the final moments of our Lord's suffering.

TOWN OF WILMINGTON

PLANNING BOARD NOTICE OF PUBLIC HEARING

The Planning Board of the Town of Wilmington will hold a series of Public Hearings, starting at 8 pm on April 29, 1963, in the Wilmington High School, relative to the following articles on Zoning, for the next Special Town Meeting to be held by the Town of Wilmington.

ARTICLE: To see if the Town will vote to amend the Zoning Bylaw and Map, particularly a zoning amendment (Article 44) voted March 12, 1960 by striking out the description of the parcel of land set forth therein, and substituting the following description: that parcel of land on the Easterly side of Main St. starting 400 feet northerly from Clark Street; and extending northerly 1650 ft along Main St.; depth varying from 400 ft to 1300 ft and comprising entirely and exclusively a parcel shown as an industrial district on the official Zoning Map adopted November 28, 1955, or do anything in relation thereto.

ARTICLE: To see if the town will vote to amend the Zoning Bylaw and Map, particularly a zoning amendment voted at a town meeting July 1, 1959 (Article 4) by striking out the description of the parcel there set forth, and substituting the following description: that parcel of land bounded by Main St., Shawshen Ave., B & M RR and Bridge Lane or do anything in relation thereto.

ARTICLE: To see if the Town will vote to amend the Zoning By-Law and Map by changing from single Residence 'A' District to Industrial District the following described parcel of land:

Beginning at a point on Middlesex Avenue one hundred fifty (150') feet north of a stone bound at the north side of First Avenue the line runs easterly seven hundred-six and 7/100 (706.71') feet parallel with First Avenue to the line of the Boston & Maine Railroad; thence southeasterly by said Boston & Maine Railroad two thousand six hundred fourteen (2614') feet more or less to a point on a line one hundred (100') feet north and parallel with Concord Street; thence northwesterly by said line parallel with and one hundred (100') feet north of said Concord Street one thousand five hundred eighty-five (1585') feet more or less to a ditch at land now or formerly of Frank and Marjory Stevens; thence northeasterly by said ditch and by said Stevens' land one hundred sixty-eight
